CUISINART RESORT & SPA ANGUILLA

Kim Kardashian and Reggie Bush escape to the tranquil island of Anguilla when they crave “couple time,” bunking up at the exclusive CuisinArt Resort & Spa along Rendezvous Bay beach. Mediterranean chic meets Caribbean cool at this retreat, known for its luxe accommodations (check out the first phase of its new three-bedroom villas) and fabulous food, which comes from the resort’s own hydroponic farm. There, staff harvests fresh produce (oregano, tomatoes and peppers, to name a few) so it can turn up in your refined meal at restaurant Santorini every evening. And how could we forget the Venus Spa? Splurge on signature Aqua Massage and Reflexology treatments (cuisinartresort.com).

THE TIDES RIVIERA MAYA MEXICO

Looking for unpretentious luxury in a chic, eco-friendly beach resort? Welcome to The Tides Riviera Maya. Tucked into a small Mexican village just outside of Playa del Carmen, the 30-room retreat is located on seven miles of pristine oceanfront and counts **Ashley Olsen** and **Roselyn Sanchez** as fans. Though the beach is a big draw, it’s the resort’s connection to the native Mayan culture that enchants: Spa treatments are based on the 13 moons of the Mayan calendar, and the resort offers traditional cooking classes (you’ll whip up empanadas and lime soup) in the middle of the jungle (tidesrivieramaya.com).
